Clinical Supervisor

We are currently seeking candidates for the position of **Clinical Supervisor** to join our team in **Fredericton, New Brunswick**.

VIVA Therapeutic Services (VIVA), formerly Autism Intervention Services, was founded by Danielle Pelletier in 2005, to provide preschool aged children with autism spectrum disorder and their families with high quality, evidence-based services. At VIVA, our programs are dedicated to providing quality intervention and making every teaching moment count. As a result of our programs' success, we have gained our government's confidence in our contracted services and currently serve nearly 700 families across the province of New Brunswick.

Our **Clinical Supervisors (CS)** are highly valued team members who provide quality intervention to preschool children with ASD and their families. Our Clinical Supervisions provide leadership, supervision and support to our clients, families, and teams with the goal of ensuring that each child reaches their full potential and has enhanced quality of life. Our teams are trained to make a positive and meaningful difference with the children they interact with and their families.

Our Team:

At VIVA we value teamwork, integrity, quality, dignity, diversity and joy! To be more specific, we love what we do! We focus on solutions and celebrate each child's learning. We work together as a close team; we care about each other and support one another to reach our personal and professional goals. We do the right thing for the well-being of our clients... being honest, accountable, and showing up every day! We seek open feedback, stay current with the research, and continuously strive to offer excellence in our programs. We respect individuality in all children and understand they have unique needs. We aim to learn more about each other, and to act with compassion and kindness.

Current Clinical Initiatives:

VIVA recognizes that the field of ABA is evolving and undergoing a shift in understanding how we can best support and honour our clients. Over the past year and a half, VIVA has been investing in training on "Today's ABA" approaches with Dr. Greg Hanley's company FTF Behavioral Consulting. We prioritize happy, relaxed, and engaged learners, and teaching from a place of joy. We believe that we can be empathetic, compassionate scientists.

We Offer:

- Competitive salary
- Group medical and dental insurance
- Life and long-term disability insurance
- Travel expenses
- Vacation and sick time
- Cellphone allowance
- Quarterly incentives for goal achievement

Sound like you?

If you want to make a positive impact on preschool children with autism spectrum disorder, and the value statements above resonate with you, we would love to have you join our team.

Position Summary:

A Clinical Supervisor is responsible for assessing, designing, monitoring, and supervising behavioural interventions for preschool-aged children with ASD.

Accountabilities include but not limited to:

Assessment and Program Development

- At intake, building rapport with the client and family. Identifying the best context for happy, relaxed, and engaged learning.
- Conducting various assessments at intake, during and post interventions, including provincially mandated curriculum-based assessment
- Creating a Personalized Learning Plan in accordance with the current provincial process in collaboration with families and community partners
- Writing individualized programs as well as implementing and monitoring programs to ensure adequate and timely progress of clients
- Conducting functional behaviour assessments and designing behaviour support plans that are in alignment with "Today's ABA" approaches.
- Offering parent training according to the needs of the client and priorities of the family

Supervision and Professional Development

- Overseeing the programming of all clients on their clinical team, including monitoring, analyzing, and documenting progress
- Supervising and evaluating the work of Behaviour Consultants, Lead Therapists, and Behaviour Interventionists on their clinical team.
- Supporting the ongoing professional development of the clinical team and evaluating competency development.
- Meeting up-to-date annual provincial training requirements of the Department of Education and Early Childhood Development

Collaboration

- Communicating with families and other stakeholders/community partners
- Overseeing successful transitions into schools by preparing and documenting the transition plan
- Supporting interventions within the home and community context
